1. I am sending you my Signed Authorization to Release Records form from Fox Rothschild LLP. I am not sending any other documentation because my records are what is in question right now.
2. My use of UW staff quotes in the articles in question falls under FAIR USE, and I do not need their permission to use them as they are accurate quotes.
3. If Dr. German states that these articles are not fact-based, he must return to school and learn more about research; maybe a UGR 294 class would help him. Dr. Oswald Avery is a fact-based resource, as is data on Pycnogonida as parasites.
4. I am an active government medical resource and editor, "EDTR Hofstad," with published congressional documents.
5. North Seattle College has been reported for bias against minorities and retaliation. I have filed a harassment report with the district.
6. I am including contact information for my Navy SEAL Fleet Admiral Melvin Bouboulis "Melvin.W.Bouboulis@uscg.mil" <melvin.w.bouboulis@uscg.mil> and Air Force Commandant Charles Q. Brown Jr. "charles.q.brown@mail.mil" <charles.q.brown@mail.mil>. I have asked to dishonorably discharge all persons involved in my unfair treatment at North Seattle College.
